

## SOCIAL MEDIA CONSENT

Doswell Orthodontics participates in social media outlets such as Facebook, Instagram, TikTok, etc. to post fun updates about our office, share team pictures, promote contests, provide information and updates to our patients and families, and most importantly, share the excitement of patients starting and finishing their orthodontic journey with us.

With the expressed permission of our patients, we would love to have you and/or your child be part of our fun posts. We will not provide any specific health information and will only use first names in our posts. Photos will primarily be used to welcome new patients to our practice and congratulate patients on starting or completing their treatment with us.

I give my consent to allow Doswell Orthodontics to post updates or photographs of me/my child on social media.

I do **not** give my consent to allow Doswell Orthodontics to post updates or photographs of me/my child on social media.
